

Jorvik Rally 2018
Saturday 22nd September

RALLY BOOK

Key to symbols:

Take a photograph of the location

Rider must be in photograph

Bike must be in photograph

A Receipt is required from location

Restricted opening times possible

Rider's Final Instructions

- READ THEM!

1. Your Rally flag must be included in EVERY photo at each bonus location. Your rider number must be clearly visible so please check your photos on your camera.
2. If you lose your Rally flag your face must appear in every photo. This means removing or flipping up your helmet so you are clearly visible.
3. If you have a pillion, they must appear in every photo holding your Rally flag. If it says you must be in the photo, both you and your pillion must appear.
4. If you have to appear in the photo make sure you can be clearly identified. A photo with your hands holding the rally flag won't be accepted.
5. Make sure you read the bonus evidence requirements carefully. If you get something wrong you won't get credited with the points.
6. If the object or location you need to photograph is no longer there or has changed still take a suitable photo to prove you were there. If in doubt ring the Rally Master for advice.
7. You should be back at the Rally HQ by 17.00 hours. However, time penalties begin at 16.00 hours which is the 8-hour point, at the rate of 50 points per minute until 17.00 hours. After 17:00 you will be DNF
- 8. This event is not a race. Please do not speed or ride in a dangerous manner. Plan your route to suit the speeds of the roads you'll be riding.**
9. Your photos will be checked during scoring at the finish. You will be told your score after any penalties have been applied. Once you leave the score table there will be no alterations or changes to your score. In the event of any discrepancies the Rally Master will adjudicate.
10. Make sure you have a spare camera battery or second camera/phone camera to prove you visited the bonus locations you visited.
11. If at any time you have mechanical problems, feel ill, or are too tired and you have to retire from the rally please inform the Rallymaster so we know you are OK.
12. Please print your own copy of this Rally book and bring it with you. It can be printed any size, any colour, double sided etc.

Bonus descriptions in this book:

The bonus descriptions in this rally book contain all of the information which you need in order to be awarded the bonus value for that location.

The main photographic illustrates what is required form that location.

Additional requirements may also be added to the location for example the rider must be in the Photograph or the bike and in some occasions both.

Take note of any instructions with each location, failure to do so = NO POINTS
